The Mayor called the budget workshop to order at 6:15 pm.

The Board reviewed the Budget and it was discussed that the sewer rate may need to be increased by at least \$.20 making the amount \$8.00 per gallon. There are 87 Town customers who get water from the Village.

It was also discussed to get a new folding machine in this current year budget for the Village Clerk's Office to help with the folding of the newsletters and quarterly water bills. This will make the process go quicker without having to rely on 3 people to fold the bills over a period of 3 days.

At the April 12, 2016 Board of Trustees meeting, the Board will hold Public Hearings for the Tentative Budget and a Local Law amending the Code of the Village in relation to fees for water and sewer connections and building permit fees. The Organizational meeting will immediately follow.

With no further business to discuss,

The Mayor adjourned the workshop at 8:19 pm.

Respectfully submitted,

Barbara A. Fischer
Village Clerk/Treasurer
